ARTWORK GUIDELINES for Normal People.

When submitting your logo or other company artwork, please use one of the following electronic file formats:

- **.pdf (Acrobat)**
- **.eps**
- **.ai (Illustrator)**
- **.jpg (often taken from a digital camera)**

Please note that artwork taken or used on the internet is unusable because the resolution in reproduction is too low. If you used a web designer, he/she should be able to provide the correct artwork. We would be happy to work directly with your graphic or web designer to receive files.

**Please send files to the following email address:
lansdale@signarama.com**

Include your contact information in the email.

Please feel free to contact us with any questions or concerns.
